

Committed to sustainability and making sure our practices lead to a better environment for you.

### EXTERIOR ENVELOPE MATERIALS

- Thermoply wall panels are made from 100% recycled content
- LP Smart Side exterior trim reduces waste and is made in accordance with the Sustainable Forest Initiative
- James Hardie panels and siding are considered green and sustainable and will hold paint for 7-15 years

### INDOOR AIR QUALITY

- Florida Tile, Owens Corning, Johns Manville, and Knauf Insulation “greenguard” certified products – certified for indoor air quality
- Goodman heating and cooling units – heating units have a 95% efficiency, electric units have 7 HSPF, air cleaners and purifiers, and whole home humidifiers

### DELTA WATER SENSE FAUCETS

- Bath, Kitchen and Shower areas can have faucets 30% more efficient than standard faucets at 60psi

### SHAW CARPETING

- Cradle to cradle recyclable carpet means it can be made into carpet again and again

### LOW E WINDOWS

- Keeps cool air in the summer and warm air in during the winter
- Blocks 84% of UV rays

### LOCAL SOURCES

- Fischer Homes uses local sources to supply as much as possible to keep emissions low, transportation costs down and for a higher level of quality

### PAPER REDUCTION

- Fischer Homes is committed to reduce its reliance on paper – which makes up 1/3 of all landfill waste
- Scheduling, plans, specifications, scope and standards, homeowner materials all digitally available

 Ask Us About Our Materials and Methods that are Better for the Environment and Easier on Your Wallet

Copyright © 2014 Fischer Homes. \*Actual savings may vary and depend on occupant behavior, timing and/or fluctuation of energy usage/HVAC features, and environmental factors. Results are an average of over 180 Fischer Homes Masterpiece and Designer collection homes in climate zone 5 in the 2009 IECC. Homes with electric heat are estimated to be 7 points higher. Some materials described are options and are not standard features depending on home plan. Please see a sales counselor for more specifics on your home and its included features and available options. Results are an average of an energy analysis study and deemed accurate but not guaranteed. For illustrative purposes only and not part of a legal contract. Please ask a sales counselor for details.
